TRAFFIC ADVISORY **PERMANENT CLOSURE OF ROLLERI BYPASS ROAD IN ANGELS CAMP**

Angels Camp - The California Department of Transportation (Caltrans) will permanently close the Rollerby Bypass Road on Monday, May 19, 2008. This roadway will no longer be available for use to the traveling public.

This closure is part of the \$61.5 million Angels Camp Bypass Project. This project is a two-lane access-controlled roadway from the north junction of State Route (SR) 4 and 49 to a point on SR 4 approximately 0.6 miles east of Rollerby Bypass Road. This new roadway will be 2.3 miles in length.

The project will reduce the congestion and improve mobility both around and through the historic City of Angels as well as improving the intersection at the SR 4/49 junction.

This project is the result of the Tri-Counties Memo of Understanding (MOU) in which Amador, Calaveras and Alpine Counties agreed to pool their Regional Improvement Plan (RIP) funds to prioritize four State highway projects.
